Investment objective

The Fund seeks capital preservation and longterm appreciation by investing in a portfolio with a minimun equity exposure of 80% to OCDE's issuers/markets.

Investment manager

Cobas AM was founded in 2017 by Francisco García Paramés, a highly reputed portfolio manager with over 25 years of extraordinary track record. Mr. García Paramés leads a portfolio management team of six analysts fully dedicated to a single investment style: Value Investing.

Investment Strategy

The investment team's objective is to construct a long-only diversified portfolio of multi-cap companies that offers attractive risk-return investment opportunities. It will be possible to trade with financial derivatives, with hedging purposes.

The investment philosophy is based on the principles of value investing: the purchase of good businesses, with sustainable competitive advantages,managed by good professionals and that are priced well below their intrinsic value, thus offering significant longterm upside. The manager relies on his fundamental bottomup research and investment experience to identify companies that priced below their intrinsic value. The Fund's portfolio or performance does not track any market benchmark.
