Investment risks

For complete information on risks, refer to the legal documents. The value of investments and any income will fluctuate (this may partly be the result of exchange rate fluctuations) and investors may not get back the full amount invested. Investments in small and medium sized companies involve greater risks than those customarily associated with larger companies.

Fund Strategy

The fund manager seeks to invest in small/mid cap companies which they believe offer investors superior long term returns over the course of their growth paths. Using bottom-up fundamental research, the fund manager focuses on high corporate earnings growth over the medium term and select companies with a competitive advantage in a product/service with significant market potential.

Past performance does not predict future returns. The performance period shown here starts on the last day of the first indicated month and ends on the last day of the last indicated month.

SFDR (Sustainable Finance Disclosure Regulation)

The Fund complies with Article 8 with respect to the EU's Sustainable Finance Disclosure Regulation*. As such, the fund promotes, among other characteristics, environmental or social characteristics or a combination of those characteristics. In addition, the companies in which the fund invests follow good governance practices. *Regulation (EU) 2019/2088 on sustainability - related disclosures in the financial services sector.

Exclusion Framework

The Fund embeds an exclusionary framework to specific activities based on UN Global Compact, severe governmental sanctions, revenue thresholds for certain activities linked to environmental and/or social criteria, as well as ensuring that companies follow good governance practices. The list of activities and their thresholds are listed below. For further details on the exclusion framework and characteristics applied by the fund please refer to the website of the manager <https://www.invescomanagementcompany.lu>:

UN Global Compact	- Non-Compliant
Country sanctions	- Sanctioned investments are prohibited*
Controversial weapons	- 0% of revenue including companies involved in the manufacture of nuclear warheads or whole nuclear missiles outside of the Non-Proliferation Treaty (NPT)
Coal	- Thermal Coal extraction: $\geq 5\%$ of revenue - Thermal Coal Power Generation: $\geq 10\%$ of revenue
Unconventional oil & gas	- $\geq 5\%$ of revenue on each of the following: Arctic oil & gas exploration; Oil sands extraction; Shale energy extraction;
Tobacco	- Tobacco Products production: $\geq 5\%$ of revenue - Tobacco related products and services: $\geq 5\%$ of revenue
Others	- Recreational cannabis: $\geq 5\%$ of revenue
Good governance	- Ensure that companies follow good governance practices in the areas of sound management structures, employee relations, remuneration and tax compliance

*At Invesco we continuously monitor any applicable sanctions, including those imposed by the UN/US/EU and UK. These sanctions may preclude investments in the securities of various governments/regimes/entities and as such will be included in our compliance guidelines and workflows (designed to ensure compliance with such sanctions). The wording of international sanctions is something that we pay particular attention to as there are occasions where sanctions can exist in limited form, for example allowing investments in the secondary market. In addition to sanctions targeting entire countries, there are other thematic regimes, which may focus for example on human rights, cyber attacks, terrorist financing and corruption, which may apply to both individuals and/or entities/corporations.

Any investment decision should take into account all the characteristics of the fund as described in the legal documents. For sustainability related aspects, please refer to: <https://www.invescomanagementcompany.lu/lux-manco/literature>.
