

ACATIS VALUE EVENT FONDS

AS OF: JULY 31, 2025

Global balanced fund, flexible, Art. 8 (SFDR)

MARKET COMMENTARY

July is a reporting month, with many of our portfolio companies reporting on their operating performance for the past quarter. The fund gained 0.7%. The best performers were Hershey (+15.0%), Alpha-bet (+11.7%) and Brookfield Corp. (+11.5%). High cocoa prices weighed on Hershey's share price until the quarterly figures were released. However, the company was able to pass on some of the increased input costs. Revenue rose by almost 26% year-on-year in the quarter. Alphabet also impressed with very strong figures. Overall, revenue increased by 13.8%, driven primarily by strong growth in the cloud business (+32%). At the other end of the performance scale were NovoNordisk (-28.5%), the LSE Group (-13.8%) and Sika (-10.1%). NovoNordisk had to significantly lower its profit forecast for the rest of the year and now expects revenue growth of only 8 to 10%.

INVESTMENT OBJECTIVE AND - PHILOSOPHY

The fund combines the philosophy of value investing with an "event-driven value" approach. The aim is to reduce fundamental risks in the selection of the fund's positions by focusing on companies with strong business quality. The fund is invested in accordance with Art. 8 of the EU Disclosure Regulation. ACATIS has defined 54 sustainability criteria that investors have rated as "very important". Exclusion criteria were defined by the majority of those surveyed. Companies that breach these requirements are only supposed to be included in the portfolio if their cumulative portion does not exceed 10% of fund assets. This ratio of 10% is supposed to apply as of mid-2022.
