Investment Objective

The aim is to find the best investment opportunities in global equities, delegating management to the best managers complying with strict quality requirements, selected by the Manager through qualitative analysis, achieving an efficient and transparent management, with each sub-manager being allocated 0-40% of the portfolio, at the discretion of the Manager, who may vary the weights of the portfolios to avoid, for example, excessive sector concentrations. The maximum limit per sub-manager is 40% of the total exposure at any given time. For further information please read the fund's brochure.
