**Accurate as of: 30 June 2025**

**What is this product?****Type**

This is an investment Fund established as a Company With Variable Capital (SICAV).

**Objectives**

**Investment objective** Alger SICAV - Alger American Asset Growth Fund (the "Fund") is actively managed and seeks long term capital appreciation.

**Investment policy** The Fund invests primarily in a portfolio of U.S. and foreign equity securities (common stocks, preferred stock and convertible securities).

The Fund invests at least two-thirds of its net assets in equities or equity related securities of companies of any size which demonstrate promising growth potential and whose securities are listed or traded on a U.S. stock exchange.

The Fund can invest in financial derivative instruments for hedging purposes and for efficient portfolio management purposes.

**Benchmark** The Fund's benchmark is the Russell 1000 Growth Index (the "Benchmark"). The Benchmark measures the performance of the large-cap growth segment of the U.S. equity universe. The Fund is actively managed, meaning that it does not intend to replicate the Benchmark but tries to exceed its performance. The Fund is not constrained by the Benchmark. The Benchmark is used for comparison purposes only.

**Subscription and Redemption** Shareholders may redeem shares by sending a written redemption request to the Registrar and Transfer Agent. Redemption requests must be received by the Registrar and Transfer Agent in good order by 5:00 p.m. (Luxembourg time) on any day on which banking institutions in Luxembourg and the New York stock exchange in the United States are open for business preceding the Valuation Date on which the shares are to be redeemed. The right of redemption may be suspended under certain extraordinary circumstances.

**Income and Realized Gains** It is the present intention of the Board of Directors not to recommend the payment of any cash dividends out of net results. Normally, all the net investment income and all net realized and unrealized capital gains will be accumulated and shall increase the Net Asset Value per Share. Please refer to the

"Dividends and Distributions" section in the Prospectus for further information.

**Launch date** The Fund was launched on 19/08/1996. This class was launched on 26/02/2016.

**Fund Currency** The reference currency of the Fund is United States dollar. This class currency is in Euro and it is hedged.

**Switching** A shareholder may make four exchanges per year without incurring an exchange charge, initial subscription charge or exit charge. Thereafter, the Fund may charge an exchange fee of up to 1%, per exchange, of the value of the shares to be exchanged.

**Asset segregation** Alger SICAV - Alger American Asset Growth Fund is a sub-fund of Alger SICAV. The assets and liabilities of each sub-fund of Alger SICAV are segregated by law which means that only the gains and losses of Alger SICAV - Alger American Asset Growth Fund are relevant for the investor.

**Intended retail investor**

This product is intended for investors who are prepared to take on a medium-high level of risk of loss to their original capital in order to get a higher potential return, and who plan to stay invested for at least 5 years. It is designed to form part of a portfolio of investments.

**Term**

The Fund is open-ended and has no maturity date. Subject to the liquidation, dissolution and termination rights of the Board of the Fund as set forth in the Fund prospectus, the Fund cannot be automatically terminated. The PRIIP manufacturer, Waystone, is not entitled to terminate the product unilaterally.

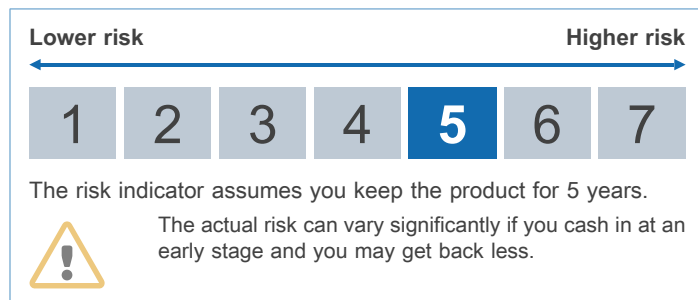

**Practical information**

**Depositary** The Bank of New York Mellon SA/NV, Luxembourg Branch is the custodian of Alger SICAV.

**Further information** The Prospectus, annual and semi-annual reports and other information about the Fund can be obtained from Alger SICAV free of charge. The Prospectus is available in English, Dutch, French and German. The annual and semi-annual reports are available in English, French, German and Spanish. The issue and redemption prices will be published at [www.alger.com](http://www.alger.com). Please refer to the Fund's Prospectus for full details and risks, including sustainability risks, which are applicable to the Fund.

## What are the risks and what could I get in return?

### Risk Indicator

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

### Performance scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

**What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.**

**The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product over the last 10 years. Markets could develop very differently in the future.**

The stress scenario shows what you might get back in extreme market circumstances.

**Unfavourable:** this type of scenario occurred for an investment between 29 December 2017 and 30 December 2022.

**Moderate:** this type of scenario occurred for an investment between 30 August 2019 and 30 August 2024.

**Favourable:** this type of scenario occurred for an investment between 31 October 2016 and 29 October 2021.

## What happens if Waystone is unable to pay out?

Waystone has no obligation to pay out since the Fund design does not contemplate any such payment being made. You are not covered by any national compensation scheme. To protect you, the assets are held with a separate company, a depositary. Should the Fund default, the depositary would liquidate the investments and distribute the proceeds to the investors. In the worst case, however, you could lose your entire investment.

## What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

### Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- in the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario,
- 10,000 EUR is invested.

	If you exit after 1 year	If you exit after 5 years
<b>Total Costs</b>	<b>155 EUR</b>	<b>1,089 EUR</b>
<b>Annual cost impact*</b>	<b>1.6%</b>	<b>1.8% each year</b>

(\*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 15.0% before costs and 13.2% after costs.
