## FUND RATINGS

Source & Copyright: Morningstar ratings © 2026 Morningstar. All Rights Reserved. Ratings are collected on the first business day of the month.

## INVESTMENT OBJECTIVE

To provide a positive absolute return in all market conditions over a rolling 12 month period by investing primarily in debt and debt-related securities and instruments located worldwide and in financial derivative instruments relating to such securities and instruments. However, a positive return is not guaranteed and a capital loss may occur.

## PERFORMANCE BENCHMARK

The Fund will measure its performance against 3 Month EURIBOR (the "Cash Benchmark"). EURIBOR is the Euro Interbank Offer Rate and is a reference rate that is constructed from the average interest rate at which Eurozone banks offer unsecured short-term lending on the inter-bank market. The Cash Benchmark is used as a primary target against which to measure its performance on a rolling 12 month basis after fees. The primary target is representative of cash returns. The Fund uses Cash Benchmark +3% per annum as a supplementary target against which to measure its performance on a rolling annualised 3 year basis before fees. The supplementary target is reflective of the maximum level of risk the Fund expects to take. Performance is expected to lie between these two targets; however, positive return is not guaranteed, and a capital loss may occur. The Fund is actively managed, which means the Investment Manager has discretion over the selection of investments, subject to the investment objective and policies disclosed in the Prospectus.

## PERFORMANCE DISCLOSURE

**Past performance is not a guide to future performance. The value of investments and the income received can fall as well as rise and investors may not get back the original amount invested.**

**Please refer to the prospectus, KID and other fund documents for a full list of risks and before making any investment decisions. Documents are available in English and in selected local languages where the fund is registered. Go to [bny.com/](http://bny.com/) investments.**

Returns may increase or decrease as a result of currency fluctuations.
