**Jennison Associates LLC**

466 Lexington Avenue  
New York 10017 (United States of America)

**INDEPENDENT AUDITOR OF THE FUND AND OF THE MANAGEMENT COMPANY****Ernst & Young S.A.**

35E, Avenue John F. Kennedy  
L - 1855 Luxembourg (Grand Duchy of Luxembourg)

**INFORMATION FOR FUND UNITHOLDERS**

Copies of annual reports and audited financial statements as at 31 December and copies of the unaudited semi-annual reports as at 30 June are available free of charge to Unitholders at the Depository Bank, other establishments specified by the latter, and at the registered office of the Management Company.

The periodic reports contain all information relative to the Fund and to the composition and development of its assets.

The financial year begins on 1 January and ends on 31 December.

The Net Asset Value is published every day on the Management Company’s website *www.eurizoncapital.com*

The Net Asset Value as well as the subscription and redemption prices of the Fund Units can also be obtained from the Depository Bank.

Other information intended for participants is published in the “Mémorial, Recueil Spécial des Sociétés et Associations” and in the “Registre de Commerce et des Sociétés” in Luxembourg, if this publication is specified by the Management Regulations or by law.

**GLOBAL EXPOSURE**

The method used to calculate the global exposure is the commitment approach for all the Sub-Funds except for the following Sub-Funds which are using the method of the absolute historical Value at Risk (“VaR”):

- Eurizon Fund - Active Allocation
- Eurizon Fund - Bond Flexible
- Eurizon Fund - Flexible Multistrategy
- Eurizon Fund - SLJ Flexible Global Macro

| Sub-Funds                                | Historical VaR (1m, 99%)<br>01/01/2025 - 30/06/2025 |        |         | Leverage<br>Sum of Notionals<br>01/01/2025 - 30/06/2025 |                   |

**REMUNERATION POLICY**

The Remuneration Policy of Eurizon Capital S.A. (hereinafter also referred as the “Company”) is based on the principles applied in the Intesa Sanpaolo Group including:

- alignment with the interests of shareholders, customers and their assets under management, the medium and long term strategies and objectives, under a framework of reference rules aimed at avoiding conflict of interests, and at the proper control of current and future business risks and ensuring an adequate level of liquidity and capitalization;
- consistency with and promotion of sound and effective risk management and discouragement of risk-taking which is inconsistent with the risk profile, rules or instruments of incorporation of the assets managed;

The Remuneration Policy has been prepared on the basis of the Intesa Sanpaolo Group’s remuneration policies and, for what is not in conflict, not governed or more restrictive, in compliance with European and national regulations governing the asset management industry:

- the Law of 12 July 2013 on alternative investment fund managers (transposing the EU Directive 2011/61/EU - the AIFM Directive), and
- the Law of 17 December 2010 relating to undertakings for collective investment (transposing the EU Directive 2014/91/UE - the UCITS V Directive).

**Governance Structure**

All incentives and reward systems for the Company's personnel are subject to the following types of conditions:

- activation conditions for the Group and the Company, consisting of liquidity, capitalisation and financial parameters;
- financing conditions of the mechanism of bonus funding for the Group and the Company, according to a top-down approach such as to take into account the exceeding of certain liquidity, capitalisation and financial parameters, in the first place at the level of the Group and, therefore, of the Company;
- individual access condition, meaning the level of achievement of the individual performance objectives, subject to the verification of the absence of individual compliance breaches. The individual performance objectives include financial as well as non-financial criteria.

The Board of Directors of the Company establishes and reviews annually the remuneration policy of the Company and ensures consistency with the overall policy of the Company in terms of risk-taking, the strategy and long-term, corporate governance structure and internal control objectives. It involves the Conducting Officers, each for their own responsibilities, in the definition and implementation of the Remuneration Policy.

The Company decided to entrust the Independent Directors Committee with the advisory and consulting functions aimed to support the Board of Directors in all activities relating to remuneration, defined in accordance with the principles set out in the ESMA Guidelines on sound remuneration policies (ESMA 232/2013 and 411/2016). The Committee is entirely composed of independent members. External persons can still participate in the meetings of the Committee in relation to specific items.

The internal process related to the governance of remuneration involves the Human Resources, the Risk Management, the Compliance and the Operations & Finance departments, each under the supervision of the respective Conducting Officer.

The Corporate Control Functions verify, for each area of competence (Risk Management, Compliance, Internal Audit), the alignment of the remuneration practices with the approved policies and the applicable regulations.

The ex-ante annual independent internal review of the remuneration system concluded its design to be appropriate.

**Compensation Structure**

The compensation of personnel includes:

- Fixed component, defined on the basis of the contractual category, the role held and the extent of responsibilities, reflecting the experience and skills required, as well as the quality of the contribution to corporate results;
- Variable component, linked to employee's performance and aligned with the annual results actually achieved and the risks prudentially assumed.

The criteria for the definition of the Company incentive systems, in application of the Intesa Sanpaolo Group's remuneration policy, aimed at ensuring the correlation between remuneration, performance and risks are, among others:

- the measurement of performance from multiple perspectives in order to align the management and employees behaviour to medium and long term strategic drivers, both quantitative (profitability, growth, productivity, cost of risk / sustainability) and qualitative (strategic actions or projects and managerial quality), on different perimeters (Group / Structure / Individual);
- the principle of selectivity, by differentiating the best performances and assigning higher bonuses;
- the principle of financial sustainability, by the definition of a bonus pool correlated to the performance of a Group parameter, currently identified as Income before tax from continuing operations and the use of a solidarity mechanism, according to which the amount of total bonuses paid to the employees of each Business Unit depends in part on the Group's overall performance (reflected in the size of the bonus pool) and in part on the degree of expected contribution to the Group's results;
- the definition of target bonus for roles and professional clusters to be used across all Group, in order to guarantee internal balance and the ongoing benchmarking between roles and/or professional clusters Group target bonuses and external market practices;
- the verification of the so-called individual compliance breaches as a restriction to bonus accrual (disciplinary measures, serious findings received from the Bank's control functions, sanctions by the Supervisory Authorities).

Vesting of the variable remuneration for Risk Takers is governed by specific rules in terms of:

---

- Deferral mechanisms;
- Payment partly in cash and partly in instruments and retention period for units/shares of funds;
- *Ex-post* adjustment mechanisms - *malus* or clawback.
- Deferral mechanisms;

**Compensation for 2025**

In accordance with the Law as of 17 December 2010 on Undertakings for Collective Investments (as subsequently amended) in conjunction with the guidelines on sound remuneration policies under UCITS published by the European Securities and Markets Authority (ESMA), the Company has identified individuals who have a material impact of the Company's risk profile (Material Risk Takers).

The regulations provide rules in relation to the variable component of the compensation of Risk Takers, indicating that:

- at least 40% of the variable component (60% for significant bonuses) must be subject to deferred payment for a period of 3 years(5 years for significant bonuses);
- a substantial portion (at least 50%) is paid out in units / shares of funds managed by the Company, or equivalent instruments; said percentage is applied, in the same proportion, to both the deferred and upfront portions of the variable component;
- there is a specific holding period (of no less than 2 years for the upfront component, and shorter for the deferred portion) for the vesting of the financial instruments referenced above.

In case the Variable Compensation is lower than EUR 80 000, the Material Risk Takers receive their entire Variable Compensation in cash without any deferral.
