A Sub-Fund of Morgan Stanley Investment Funds

Emerging Leaders Equity Fund

(Accumulating NAV Currency Hedged Share Class)

Investment Objective

Long term growth of your investment.

Investment Approach

We focus on the future drivers of growth across the emerging markets in a way that is benchmark agnostic and seek the most compelling opportunities by building an actively managed, focused portfolio of companies positioned to benefit from these growth themes. The fund considers ESG criteria during the investment process to limit exposure to ESG risks.

IMPORTANT INFORMATION

This material has been prepared solely for informational purposes and does not constitute an offer or a recommendation to buy or sell any particular security or to adopt any specific investment strategy. Investors should be aware that a diversified strategy does not protect against a loss in a particular market.

All investments involve risks, including the possible loss of principal. The material contained herein has not been based on a consideration of any individual client circumstances and is not investment advice, nor should it be construed in any way as tax, accounting, legal or regulatory advice. To that end, investors should seek independent legal and financial advice, including advice as to tax consequences, before making any investment decision.

The use of leverage increases risks, such that a relatively small movement in the value of an investment may result in a disproportionately large movement, unfavourable as well as favourable, in the value of that investment and, in turn, the value of the Fund.

Investment in the Fund concerns the acquisition of units or shares in a fund, and not in a given underlying asset such as building or shares of a company, as these are only the underlying assets owned.

DEFINITIONS

Active Share is a measure of the percentage of stock holdings in a managers portfolio that differ from the benchmark index (based on holdings and weight of holdings). Active Share scores range from 0%-100%. A score of 100% means you are completely different from the benchmark. Active Share calculation may consolidate holdings with the same economic exposure. **Bloomberg** stands for Bloomberg Global Identifier (BBGID). This is a unique 12 digit alphanumerical code designed to enable the identification of securities, on a Bloomberg Terminal. The Bloomberg Terminal, a system provided by Bloomberg L.P., enables analysts to access and analyse real-time financial market data. Each Bloomberg code starts with the same BBG prefix, followed by nine further characters that are listed for each share class of the Sub-Fund. **Earnings per share (EPS)** growth is the weighted average of earnings per share growth for all securities in the portfolio projected for the past three fiscal years. Earnings per share for a company is defined as total earnings divided by shares outstanding. **Excess Return** or value added (positive or negative) is the portfolio's return relative to the return of the benchmark. **ISIN** is the international securities identification number (ISIN), a 12 digit code consisting of numbers and letters that distinctly identifies securities. **NAV** is the Net Asset Value per share of the Sub-Fund (NAV), which represents the value of the assets of a fund less its liabilities. **Number of holdings** provided are a typical range, not a maximum number. The portfolio may exceed this from time to time due to market conditions and outstanding trades. **Return on capital** is a measure of a company's efficiency at allocating the capital under its control to profitable investments, calculated by dividing operating income [excluding dividends and taxes] by total capital. **Sales growth** is

the increase in sales over a specific period of time, often but not necessarily annually.
Weighted average market capitalization is an average of the market capitalization of stocks comprising a portfolio or index, adjusted by each stock's weight in the portfolio or index.

INDEX INFORMATION

The **MSCI Emerging Markets Net Index** is a free float-adjusted market capitalization weighted index that is designed to measure equity market performance of emerging markets. The term "free float" represents the portion of shares outstanding that are deemed to be available for purchase in the public equity markets by investors. The MSCI Emerging Markets Index currently consists of 24 emerging-market country indices. The performance of the index is listed in U.S. dollars and assumes reinvestment of net dividends.
The index is unmanaged and does not include any expenses, fees or sales charges. It is not possible to invest directly in an index.
Any index referred to herein is the intellectual property (including registered trademarks) of the applicable licensor. Any product based on an index is in no way sponsored, endorsed, sold or promoted by the applicable licensor and it shall not have any liability with respect thereto. The Sub-Fund is actively managed, and the management of the fund is not constrained by the composition of the Benchmark.
