INVESTMENT POLICY

The objective of the Sub-Fund ("the Fund") is to increase the value of the Fund (capital appreciation) over the long term. The Fund intends to achieve this objective through investment in a portfolio of high-quality, long-term growth companies quoted or traded on Asian or world regulated markets. The Fund will invest at least two-thirds of its assets in shares and preferred shares issued by companies that have their headquarters in, or principally carry out their activities in Asia, notably Hong Kong, Singapore, Malaysia, Thailand, Taiwan, the Philippines, Indonesia, Pakistan, India, Japan, South Korea and China. The Fund is actively managed. The index is provided for comparative purposes only. The Fund is aimed at investors with a long-term investment horizon (typically 5 years or more).

RISK PROFILE

The indicator represents the risk profile presented in the PRIIPs Key Information Document. The indicator assumes you keep the product for 5 years otherwise the actual risk can vary significantly.

CUMULATIVE PAST PERFORMANCE (REBASED TO 100)

Performance data expressed in EUR. Returns may increase or decrease as a result of exchange rate fluctuations. Index: MSCI AC Asia - Net Return. The index is used for comparative purposes only and the Fund does not seek to replicate the index.

Past performance does not predict future returns.

Performance figures are calculated net of investment management fees, administrative fees and all other fees with the exception of sales charges. If taken into account, sales charges would have a negative impact on performance.

The cumulative graph and "Since Inception" data may refer to the last relaunch date of the share class which may differ from its actual inception date. Calendar year past performance is only shown for years for which a full calendar year of past performance is available.

This Fund has the following core inherent risks (non-exhaustive list):

- Investing involves risk including possible loss of principal.
- The value of all investments and the income derived therefrom can decrease as well as increase.
- There is no assurance that the investment objective of the Fund will be achieved.
- To the extent that the Fund is invested in or denominated in a currency other than yours, the cost and return in your currency may increase or decrease due to exchange rate fluctuations.
- The Fund invests in emerging markets which tend to be more volatile than mature markets and the value of investments can therefore move sharply up or down.
- A more detailed description of the risk factors that apply to the Fund is set out in the Prospectus.
