

# ACATIS Value Event Funds

AS OF: FEBRUARY 28, 2026

ACATIS Test Winner

## Global balanced fund, flexible, Art. 8 (SFDR)

### MARKET COMMENTARY

The fund lost -2.4% in February. The global equity markets showed a dispersion not seen since the financial crisis in 2009. While the sell-off in software stocks stabilised, concerns about geopolitics, inflation and private credit weighed on market sentiment. The best monthly stock in the portfolio was Agnico-Eagle Mines (+23.0%), driven by the rising gold price. Baker Hughes (+17.8%) benefited from solid quarterly figures. Vonovia (+16.6%) also performed well. In contrast, Mercado Libre (-17.6%), KKR (-22.5%) and Novo Nordisk (-35.7%) were the losers of the month. Novo Nordisk suffered from a gloomy outlook for 2026, which contrasted with the performance of its main competitor Eli Lilly.

### INVESTMENT OBJECTIVE AND - PHILOSOPHY

The fund combines the philosophy of value investing with an "event-driven value" approach. The aim is to reduce fundamental risks in the selection of the fund's positions by focusing on companies with strong business quality. The fund is invested in accordance with Art. 8 of the EU Disclosure Regulation. ACATIS has defined 54 sustainability criteria that investors have rated as "very important". Exclusion criteria were defined by the majority of those surveyed. Companies that breach these requirements are only supposed to be included in the portfolio if their cumulative portion does not exceed 10% of fund assets. This ratio of 10% is supposed to apply as of mid-2022.
