MARKET COMMENTARY

The fund gained +2.5% in August. Among the best-performing stocks in the portfolio were Salesforce (+39%), Agnico-Eagle Mines (+39%) and Newmont Mining (+33%). Salesforce impressed with strong quarterly results, and the expanded partnership with Anthropic helped allay investors AI concerns. Agnico-Eagle and Newmont benefited from the resurgent gold price, which at times traded close to its record highs. On the losing side were Société Générale (-11%), Broadcom (-6%) and Alphabet (-6%). Société Générale suffered from the resurgence of French political and fiscal risks. Broadcom and Alphabet fell amid the prevailing sentiment in the semiconductor sector and its value chain, which was characterised by growing concerns about overinvestments by hyperscalers in AI infrastructure.
