Investment Objective

The management objective is to ensure sustained profitability over time, by applying a value investing philosophy selecting undervalued assets with high upside potential. At least 75% of the total exposure will be invested in equities of any capitalization and sector, with more than 65% of the total exposure in securities of issuers/markets in Spain and Portugal, with the possibility of investing up to 10% of the total exposure in other issuers/markets (OECD or emerging). For further information please read the fund's brochure.
